

Are you passionate about the environment? Do you want to make a difference in the fight against climate change? Then the Climate Fresk workshop is perfect for you! This engaging and educational experience is designed to empower people like you with the knowledge and tools to tackle the climate crisis. The climate Fresk workshop has already been followed by 2 Million people around the world in 165 countries. Join the Movement!

The workshop is divided into two parts.

Part 1: Deep Dive into Climate Science - 1h30

In the first part of the workshop, you'll embark on a journey through the complexities of climate science. Through interactive and collaborative card game consisting of 42 cards, you'll learn about the causes and consequences of climate change. You'll gain a clear understanding of how human activities impact the environment and what this means for our planet's future but also for all living beings. By visualizing the interconnectedness of various factors, you'll develop a comprehensive view of the climate system and the urgent need for action.

Part 2: Creative Solutions and Action Planning -1h30

The second part of the workshop focuses on solutions and action. Here, you'll work with your peers to brainstorm and design innovative strategies to combat climate change. This is your chance to think outside the box and come up with creative ideas that can make a real impact. You'll also learn about practical steps you can take both in your daily life and in your professional life to reduce your carbon footprint and inspire others to do the same. By the end of the session, you'll leave with a clear idea of actions that align with you and your work, empowering you to further contribute to a sustainable future.
