idea

HORIZON EUROPE

Structure

Pillar I

EXCELLENT SCIENCE

reinforcing and
extending the
excellence of the
Union's science base

Pillar II

GLOBAL CHALLENGES & EUROPEAN INDUS- TRIAL COMPETITIVENESS

boosting key
technologies and
solutions underpinning
EU policies & Sustainable
Development Goals

Pillar III

INNOVATIVE EUROPE

stimulating
market-creating
breakthroughs and
ecosystems conducive to
innovation

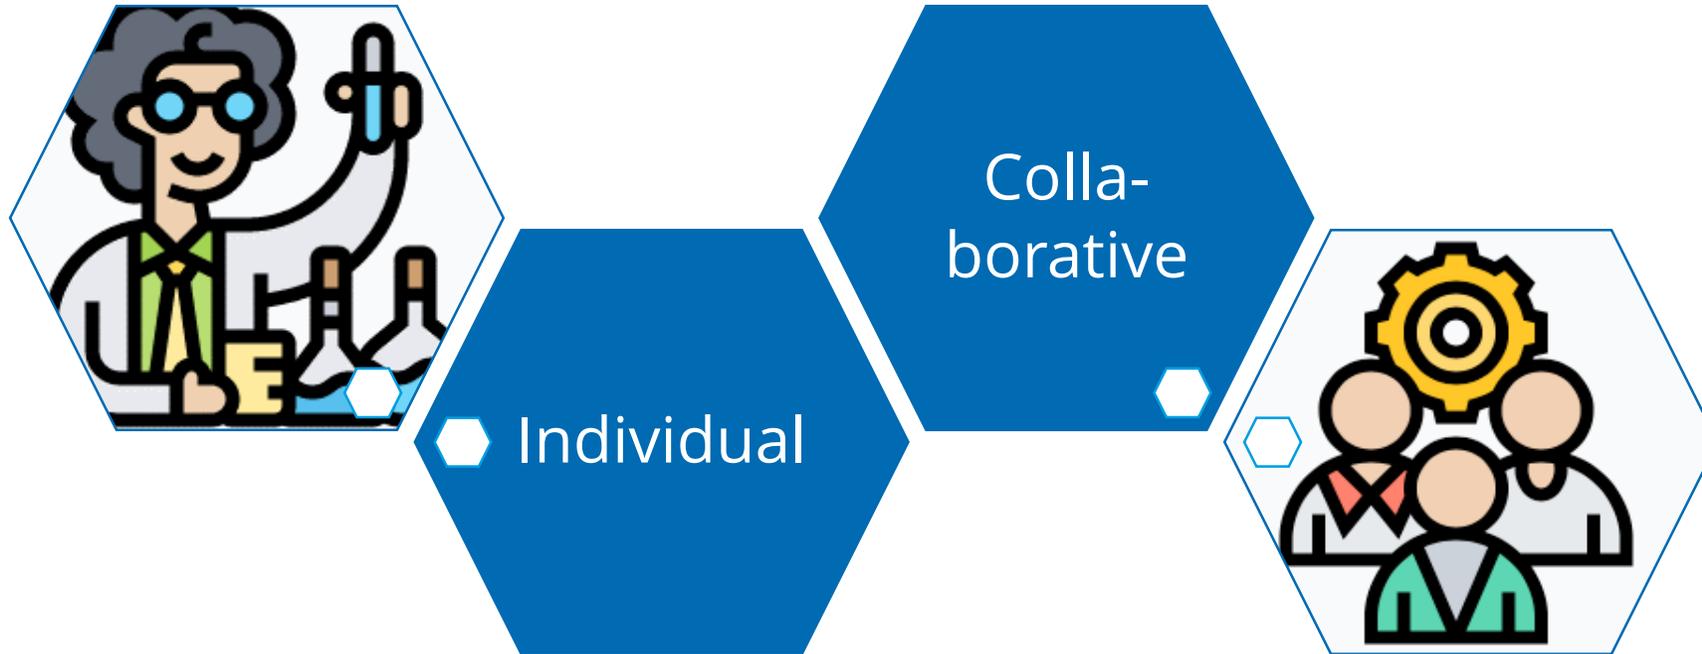

WIDENING PARTICIPATIONS & STRENGTHENING THE EUROPEAN RESEARCH AREA

optimising strengths & potential for a more innovative Europe

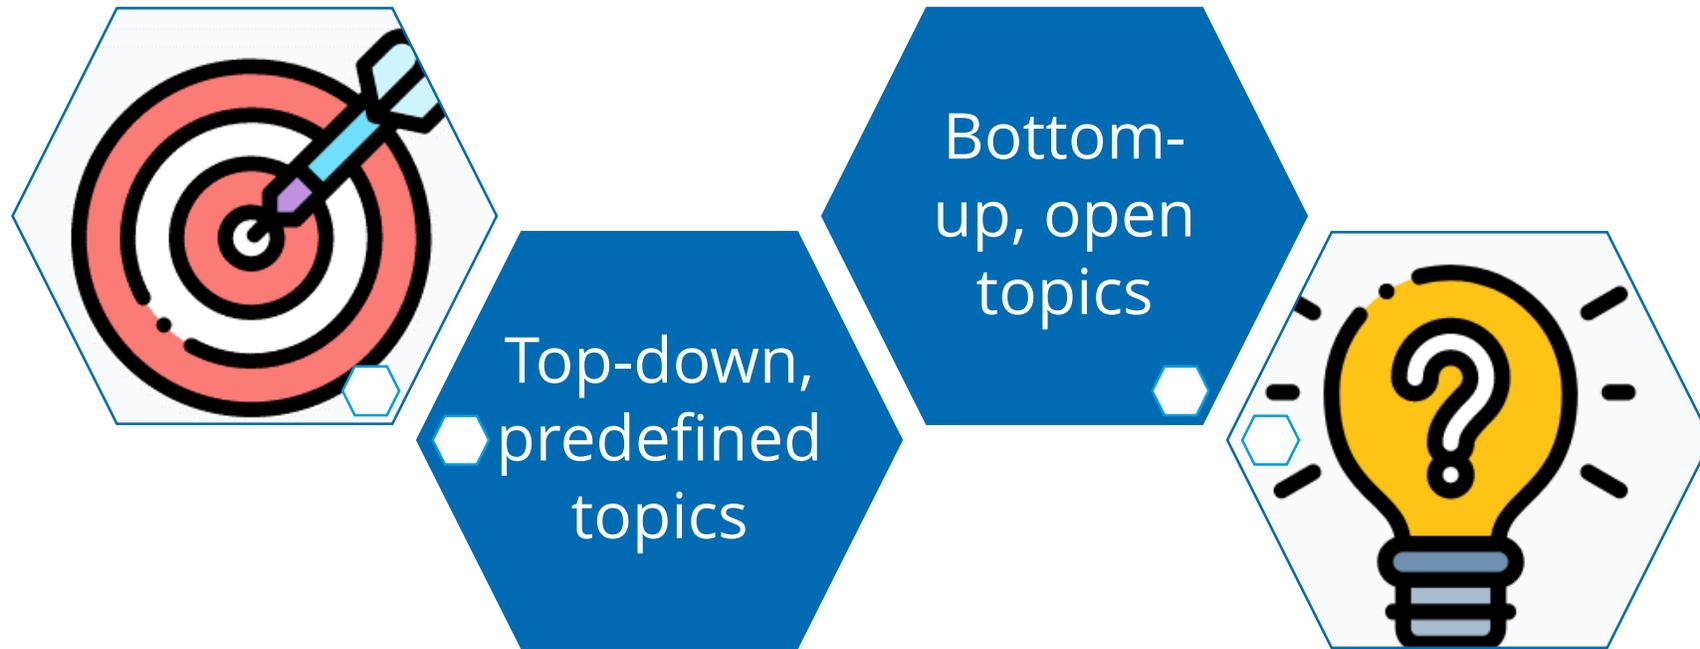

HEU FUNDING LINES

EUROPEAN RESEARCH COUNCIL

5 funding lines

Starting Grants

for
young PostDocs (2-7 years
after PhD), starting their own
independent research team
or programme (e.g. at least
one important publication
without doctoral supervisor)
up to **€ 1.5 Mio**
for **5 years**

Consolidator Grants

for
PostDocs (7 - 12 years after
PhD) consolidating their own
research team or programme
(e.g. several important
publications without doctoral
supervisor)
up to **€ 2 Mio**
for **5 years**

Advanced Grants

for
already established research
leaders with an excellent
track-record of
significant research
achievements in the
last 10 years
up to **€ 2.5 Mio**
for **5 years**

Proof-of-Concept

exploring the commercial or societal potential of
running or recently finished ERC projects
lump sum €150,000

Synergy Grants

2 - 4 Principal Investigators
up to € 10.0 Mio for 6 years
1 PI can be based outside EU/AC

HORIZON EUROPE

and Technology (EIT)

13.6 Bn EUR

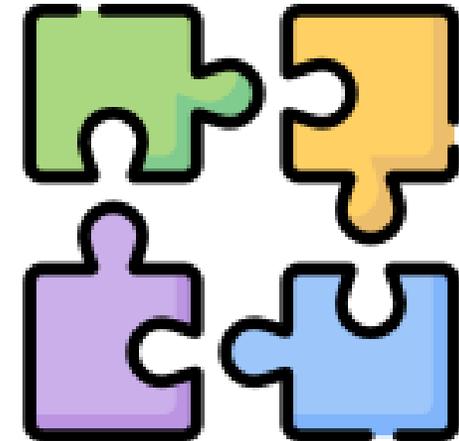

3.4 Bn EUR

WIDENING PARTICIPATION & STRENGTHENING THE EUROPEAN RESEARCH AREA

Marie Skłodowska-Curie Actions (MSCA)

Key features

- All research disciplines can participate (**'bottom-up'**)
- For any research and innovation ideas (basic research, market take-up)
- **Mobility** is a key requirement (cross-border, cross-sector)
- **Enhance skills** of people beyond research and innovation
- Strong participation **across sectors**
- Dissemination and **public engagement**

MSCA – DOCTORAL NETWORKS

Types

Doctoral Networks (DN)

- Network of international institutions
- Both academic and non-academic partners are encouraged

Max. 540 person months (\triangleq 15 DCs)

Industrial Doctorates (DN-ID)

- Both academic and non-academic beneficiaries recruit DCs
- DCs spend at least **50%** of their time in the **non-academic sector**

Max. 540 person months (\triangleq 15 DCs)

Joint Doctorates (DN-JD)

- Joint delivery of a **joint/double doctoral degree** that is recognised in at least two EU Member States or HEU Associated Countries

Max. 540 person months (\triangleq 15 DCs)

MSCA POSTDOCTORAL FELLOWSHIPS – FUNDING PRINCIPLES

- Free choice of research topic | »**bottom-up**« principle
- **Eligible Researchers:**
 - Requirement 1: **Research Experience**

Only **postdoctoral researchers** are eligible, with max. **8 years** (full-time) research experience after the date of award of doctoral degree (at the call deadline **13th September 2023**)
 - Requirement 2: **Mobility rule**

Researcher must not have resided or carried out their main activities in the country of the host organisation **for more than 12 months in the last 3 years** prior to the call-deadline
- **Eligible countries** for host organisations:
 - EU member states (MS) or Associated Countries (AC)
 - Third countries (for Global Fellowships)
- **Application: Postdoc together with the chosen host institution (i.e. TUD)**

The EIC is Europe's flagship innovation programme to identify, develop and scale up breakthrough technologies and game changing innovations

EUROPEAN INNOVATION COUNCIL

EIC PATHFINDER

European
Innovation
Council

- Supports the exploration of bold ideas for **radically new technologies** with potentially high impact
- Welcomes **high-risk / high gain** and interdisciplinary cutting edge science collaborations
- Goes beyond what is already known
- Supports early-stage projects with potential to **create new markets** and address global challenges
- Projects typically involve **consortia** of researchers and other partners from at least **three different countries**
- **TRL 1-4**
- **Open** (no thematic limitations) or **Challenges** (pre-defined areas of research)
- Access to business acceleration services (e.g. coaches, training)

WIDENING PARTICIPATION & STRENGTHENING THE EUROPEAN RESEARCH AREA

FUNDING LINES WITH TOP DOWN CALLS

Pillar 2 – Cluster 4 & 5

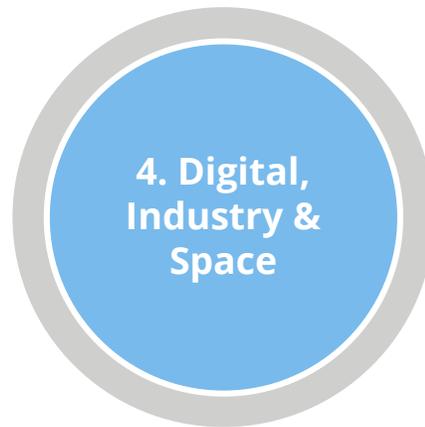

SIX THEMATIC CLUSTERS

FUNDING LINES WITH TOP-DOWN CALLS

Cluster 4: Digital, Industry and Space

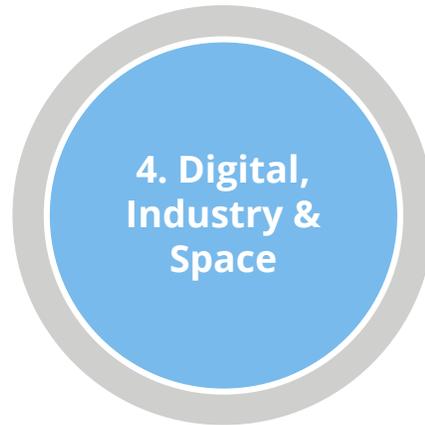

Next Deadlines:

- Feb 2024
- Mar 2024

- Climate neutral, circular and digitised production
- Increased autonomy in key strategic value chains for resilient industry
- World-leading data and computing technologies
- Digital & emerging technologies for competitiveness and fit for the Green Deal
- Open strategic autonomy in developing, deploying and using global space-based infrastructures, services, applications and data
- A human-centred and ethical development of digital and industrial technologies

FUNDING LINES WITH TOP-DOWN CALLS

Cluster 4: Digital, Industry and Space

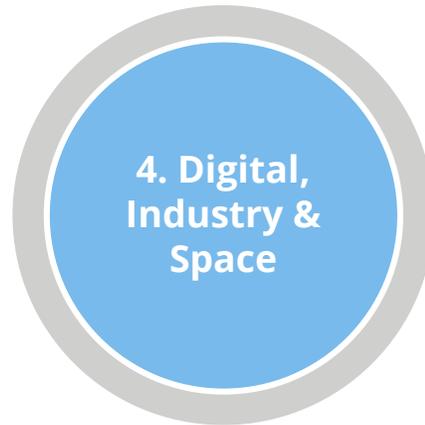

Destination 1 – Key Strategic Orientations

1. KSO C, 'Making Europe the first digitally led circular, climate-neutral and sustainable economy through the transformation of its mobility, energy, construction and production systems.'
2. KSO A, 'Promoting an open strategic autonomy by leading the development of key digital, enabling and emerging technologies, sectors and value chains to accelerate and steer the digital and green transitions through human-centred technologies and innovations.'
3. KSO D, 'Creating a more resilient, inclusive and democratic European society prepared and responsive to threats and disasters, addressing inequalities and providing high-quality health care, and empowering all citizens to act in the green and digital transitions.'

FUNDING LINES WITH TOP-DOWN CALLS

Cluster 4: Digital, Industry and Space

Destination 2 – Key Strategic Orientations

1. KSO C, 'Making Europe the first digitally led circular, climate-neutral and sustainable economy through the transformation of its mobility, energy, construction and production systems.'
2. KSO A, 'Promoting an open strategic autonomy by leading the development of key digital, enabling and emerging technologies, sectors and value chains to accelerate and steer the digital and green transitions through human-centred technologies and innovations.'
3. KSO D, 'Creating a more resilient, inclusive and democratic European society prepared and responsive to threats and disasters, addressing inequalities and providing high-quality health care, and empowering all citizens to act in the green and digital transitions.'

FUNDING LINES WITH TOP-DOWN CALLS

Cluster 5: Climate, Energy and Mobility

Goal:

Accelerate the twin green and digital transitions and associated transformation of our economy, industry and society with a view to achieving climate neutrality in Europe by 2050.

FUNDING LINES WITH TOP-DOWN CALLS

Cluster 5: Climate, Energy and Mobility

6 Destinations:

- Climate science and responses for the transformation towards climate neutrality
 - Cross-sectoral solutions for the climate transition
- Climate**

- Sustainable, secure and competitive energy supply
 - Efficient, sustainable and inclusive energy use
- Energy**

- Clean and competitive solutions for all transport modes
 - Safe, resilient transport and smart mobility services for passengers and goods
- Mobility**

HORIZON EUROPE

Funding & Tenders Portal

The screenshot shows the homepage of the Horizon Europe Funding & Tenders Portal. At the top left, the European Commission logo and the text 'European Commission | Funding & tender opportunities | Single Electronic Data Interchange Area (SEDIA)' are visible. On the top right, there are 'Register' and 'Login' buttons and a language selector set to 'English'. A navigation bar contains a home icon, 'SEARCH FUNDING & TENDERS' (highlighted in yellow), 'HOW TO PARTICIPATE', 'PROJECTS & RESULTS', 'WORK AS AN EXPERT', and 'SUPPORT'. Below the navigation bar, a dropdown menu for 'SEARCH FUNDING & TENDERS' lists 'Search funding & tenders', 'Funding updates', and 'Archived funding (FP7-CIP)'. A search bar with the placeholder 'Type your Keywords...' and a magnifying glass icon is present. Below the search bar, there are checkboxes for 'Match whole words only' (checked) and 'GRANTS' (checked) and 'TENDERS' (checked). A 'Submission status' section shows three categories: 'Forthcoming(16)' with an orange checkmark, 'Open for submission(276)' with a green checkmark, and 'Closed(9789)' with a red checkmark. The main content area is titled 'Funding and tenders (10081)' and includes a 'Need help?' button, a calendar icon, an RSS icon, and a 'Sort by: Submission status' dropdown. Two tender listings are shown: 1. 'Tender Supply for the 'From Design to Production: Digital Transformation of Apparel Sector in Turkey' Project' with ID 'NEAR/ANK/2020/EA-OP/0064', 'Open for submission' status, 'Open procedure' type, 'Supplies' contract type, '16 December 2020' publication date, and '08 March 2021 16:00' deadline date. 2. 'Tender NMS III - Network Managed Services III' with ID 'DIGIT/2020/OP/0003'. The URL 'ec.europa.eu/info/funding-tenders/opportunities/portal/screen/opportunities/topic-search' is partially visible at the bottom of the screenshot.

<https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/home>

HORIZON EUROPE

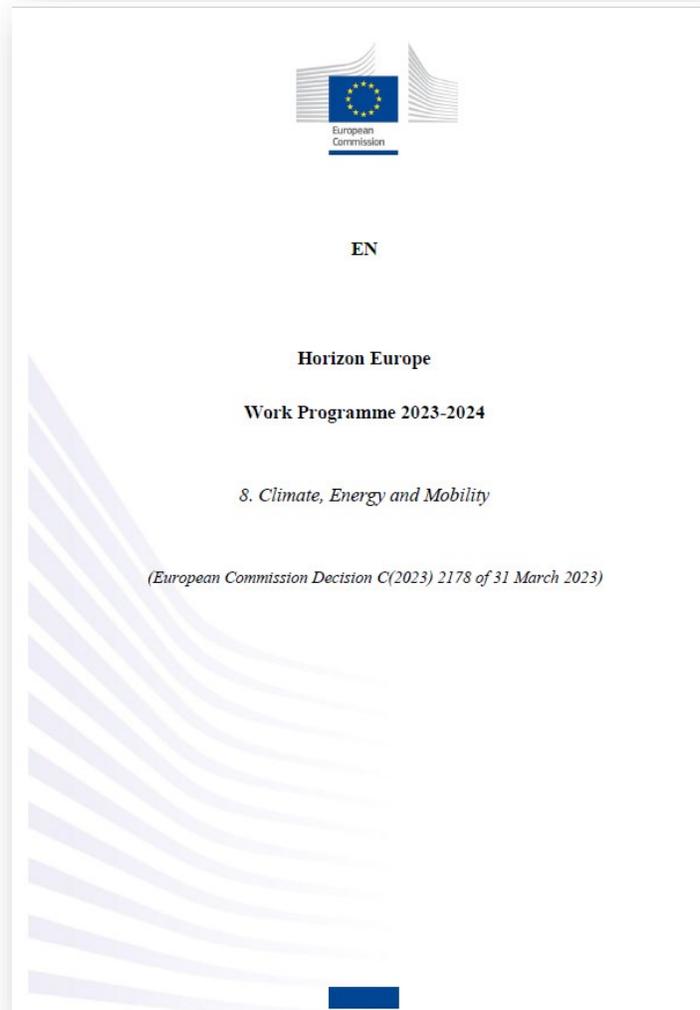

Funding & Tenders Portal

The screenshot shows the homepage of the Horizon Europe Funding & Tenders Portal. At the top left is the European Commission logo and the text 'European Commission | Single Electronic Data Interchange Area (SEDIA)'. The main title is 'Funding & tender opportunities'. On the top right, there are 'English', 'Register', and 'Login' buttons. A navigation bar includes 'SEARCH FUNDING & TENDERS', 'HOW TO PARTICIPATE' (highlighted in yellow), 'PROJECTS & RESULTS', 'WORK AS AN EXPERT', and 'SUPPORT'. A dropdown menu under 'HOW TO PARTICIPATE' lists 'Key steps', 'Reference documents', 'Participant register', and 'Partner search'. Below the navigation is a search bar with the text 'Find calls for proposals and tenders by keywords, programmes...' and a yellow 'Search' button. To the right of the search bar are three buttons: 'ERA corona platform', 'Brexit info', and 'Report fraud'. The main content area is divided into two columns. The left column is titled 'EU Programmes' and lists six categories: 'Asylum, Migration and Integration Fund (AMIF)', 'Border Management and Visa Instrument (BMVI)', 'Citizens, Equality, Rights and Values Programme (CERV)', 'Creative Europe (CREA)', 'Erasmus+ Programme (EPLUS)', and 'European Social Fund + (ESF)'. The right column is titled 'News' and contains two news items: '22 Feb, 2021 First calls under Horizon Europe to be launched by the European Research Council' and '18 Feb, 2021 An introductory webinar on OPSYS Ecosystem for RELEX Implementing Partners and Contractors'.

EUROPEAN PARTNERSHIPS

Portfolio of 49 European Partnerships

https://ec.europa.eu/info/horizon-europe/european-partnerships-horizon-europe_en

EUROPEAN PARTNERSHIPS

Today's focus

EUROPEAN PARTNERSHIPS

Clean Aviation Joint Undertaking

- Aim: transforming **aviation towards a sustainable and climate neutral** future.
- Planned results: 34 flagship demonstrators, more than 106 other demonstrators, and more than 1000 technologies
- **Co-funded partnership:** European Commission and private members (27 founding members + 12 associated members)
- Private members contribute 2.4 bn Euro in-kind contribution
- Current Work Programme: 2022/2023, next call in 2024

<https://www.clean-aviation.eu/about-us/key-documents>
<https://www.clean-aviation.eu/media/e-news>

EUROPEAN PARTNERSHIPS

Clean Hydrogen

- **Objective:** to accelerate the development and deployment of a European value chain for clean hydrogen technologies in order to help achieve the European Union's objectives for a climate-neutral Europe by 2050.
- [Annual Work Programmes](#) with calls for proposals
- Last call : launched January 2023 with deadline in April 2023
- → next call in 2024

20 - 24 November 2023
Brussels, Belgium
euhydrogenweek.eu

EUROPEAN PARTNERSHIPS

Batt4EU

- **Aim:** to achieve a competitive and sustainable European industrial value-chain for e-mobility and stationary applications
- **Vision:** to establish by 2030 in Europe the best in the world innovation ecosystem to boost a competitive, sustainable and circular European battery value chain and to drive the transformation towards a carbon-neutral society.
- Co-programmed partnership including:

Industry members
Research members
Associate members

<https://bepassociation.eu/>

EUROPEAN PARTNERSHIPS

Circular Bio-based Europe Joint Undertaking

- CBE JU is a €2 billion partnership between the European Union and the Bio-based Industries Consortium (BIC)
- Aim: to advance competitive circular bio-based industries in Europe.
- Partners:

Members from sectors:

- agriculture and agri-food
- aquaculture and marine
- chemicals and materials
- forestry, pulp and paper and technology providers
- waste management and treatment.

<https://www.cbe.europa.eu/>

EUROPEAN PARTNERSHIPS

Process4Planet - Objectives

- Aims to transform the European **process industries to achieve circularity and overall climate neutrality** at the EU level by 2050 while enhancing their global competitiveness.
- Partnership Goals:
 - Developing and deploying **climate neutral solutions**
 - **Closing the energy and feedstock loops**
 - Achieving **global leadership** in climate-neutral and circular solutions, accelerating innovation and unlocking public and private investment
- Work on emerging technologies and on the scaling up of already developed technologies at **higher technology readiness levels** (TRLs)

EUROPEAN PARTNERSHIPS

Process4Planet

- Important background document:

Processes4Planet Strategic Research and Innovation Agenda (SRIA) 2050

- Hubs for Circularity (H4Cs) key element of the Processes4Planet Partnership SRIA 2050

EUROPEAN PARTNERSHIPS

Europe's Rail (Joint Undertaking)

- **Public-private partnership** in the rail sector
- **Co-financed by the Horizon Europe programme**
- Funding research and innovation and harmonising standards to deliver the railway system of the future
- Goal: help create a **Single European Railway Area**
- Objective: deliver a **high capacity** integrated European railway network by **eliminating barriers to interoperability** and providing **solutions for full integration**, covering traffic management, vehicles, infrastructure and services, aiming to achieve faster uptake and deployment of projects and innovations.

<https://rail-research.europa.eu/>

EUROPEAN PARTNERSHIPS

2Zero Partnership

- **Research, development and demonstration** of technologies allowing the integration of new solutions for a **clean road transport system**
- **Co-programmed partnership** to accelerate the transition to a European **carbon-neutral** road transport system by 2050
- **European Green Vehicles Initiative Association for the 2Zero partnership** (EGVIAfor2Zero), an international non-profit association engaged with the **European Commission** into the 2Zero partnership
- **115 members** from the automotive, smart systems, smart grid industries and logistics companies and freight transport users, research centres and universities.

<https://www.2zeroemission.eu/>

EUROPEAN PARTNERSHIPS

EIT RawMaterials - Overview

- **Co-funded partnership**, established in 2015
- World's largest raw materials consortium with **over 300 partners**
- Supports **securing the supply of critical raw materials** to the European industry by driving innovation along the raw materials value chain.
- Collaborative environment for **disruptive and breakthrough innovations**
- Connecting **business with academia, research, and investment**

<https://eitrawmaterials.eu/>

EUROPEAN PARTNERSHIPS

EIT RawMaterials - Calls

- **Annual call (spring)**, all organisations that are eligible for funding under the Horizon Europe programme can apply
- Calls published via **EIT RawMaterials website**
- Not necessary to be an existing partner organisation of EIT RawMaterials to apply for funding

OTHER FUNDING OPPORTUNITIES

M-ERA-NET – General information

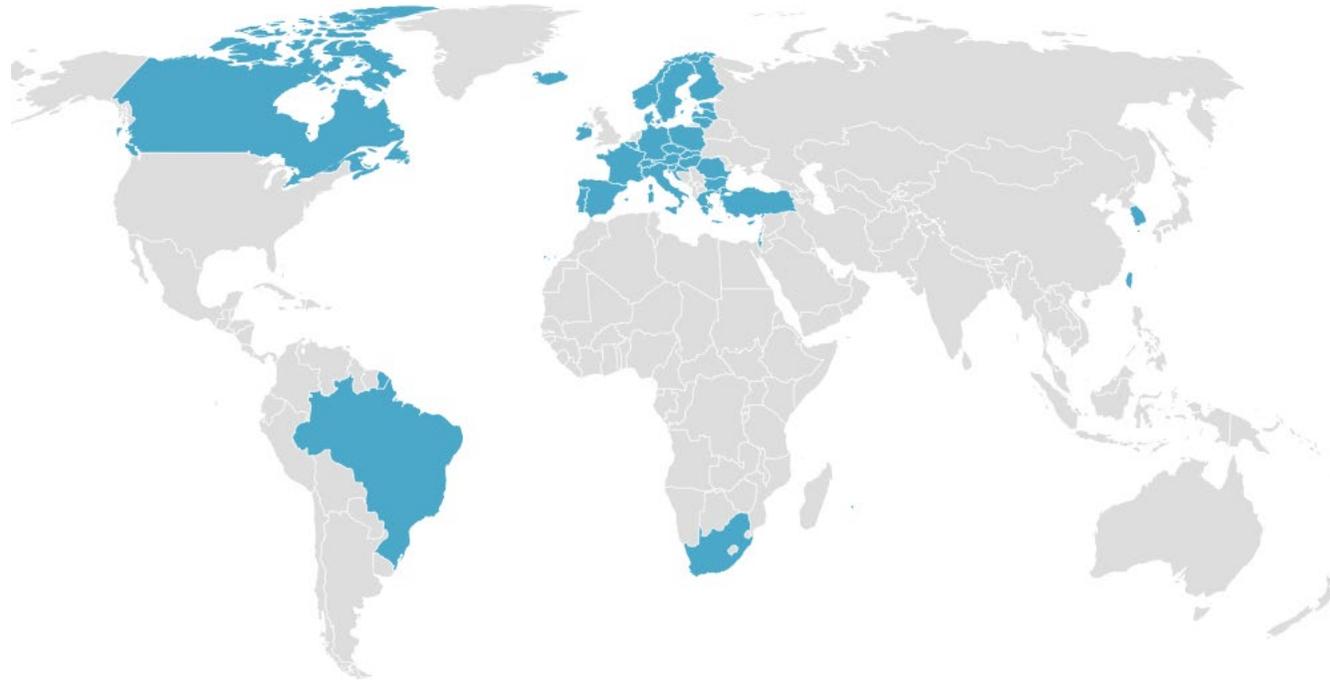

- Aims to fund ambitious transnational RTD projects addressing **materials research & innovation including materials for batteries & low carbon energy technologies**
- objective is to **enable transnational R&D projects** between partners receiving funding from regional/national programmes

OTHER FUNDING OPPORTUNITIES

M-ERA-NET - Consortium

M-ERA.NET

<https://www.m-era.net/about/m-consortium>

OTHER FUNDING OPPORTUNITIES

M-ERA-NET - Overview

- **Small to medium sized consortia** (3-5 partners on average per proposal) are expected
- Coordination and proposal writing **easier than in „pure“ Horizon** projects
 - Compact proposals
 - Small and medium sized consortia
 - Financial management dedicated to the partners (national)
- **Door opener** for bigger international joint projects

OTHER FUNDING OPPORTUNITIES

M-ERA-NET – Call 2023 – Six Topics

Sustainable advanced materials for energy

Next generation materials for advanced electronics

Advanced materials and technologies for health applications

Innovative surfaces, coatings and interfaces

High performance composites

Functional materials

OTHER FUNDING OPPORTUNITIES

COST

COST (European Cooperation in Science and Technology) is a **pan-European** intergovernmental framework dedicated to European-based S&T **networking activities** aiming at allowing their participants to **jointly develop their ideas** and **new initiatives** across **all scientific disciplines** through trans-European coordination of nationally or otherwise funded research activities.

OTHER FUNDING OPPORTUNITIES

COST - Features

- Easy funding scheme: one instrument (COST Action*)
- Bottom-up (researcher driven, any topic/multiple topics)
- Flexible (adaptable research and activities)
- Open participation (involve all stakeholders, type of institutions, career levels, countries, any time)
- Output oriented (open science, wide/free dissemination of knowledge and results, open access, open innovation)
- Efficient and cheap (compared to national research it leverages, sharing resources/infrastructure)

* 300 running Networks of researchers: from min 7 COST countries, responding to an Open Call for proposals, based on a MoU, 4 years duration, implemented via networking activities

COST

STRATEGIC PLAN

2021-2024

- The Horizon Europe Strategic Plan 2021-2024 adopted in March 2021.
 - **key strategic orientations** for research and innovation support and their **expected impacts**
 - identification of European co-funded and co-programmed **partnerships**
 - identification of **EU missions**
 - areas of **international cooperation**
 - orientations on specific issues like gender, the EU taxonomy and **other cross-cutting issues**

STRATEGIC PLAN

Key strategic orientations

Key Strategic Orientation A

Promoting an open strategic autonomy by leading the development of key digital, enabling and emerging technologies, sectors and value chains to accelerate and steer the digital and green transitions through human-centred technologies and innovations

Key Strategic Orientation B

Restoring Europe's ecosystems and biodiversity, and managing sustainably natural resources to ensure food security and a clean and healthy environment

Key Strategic Orientation C

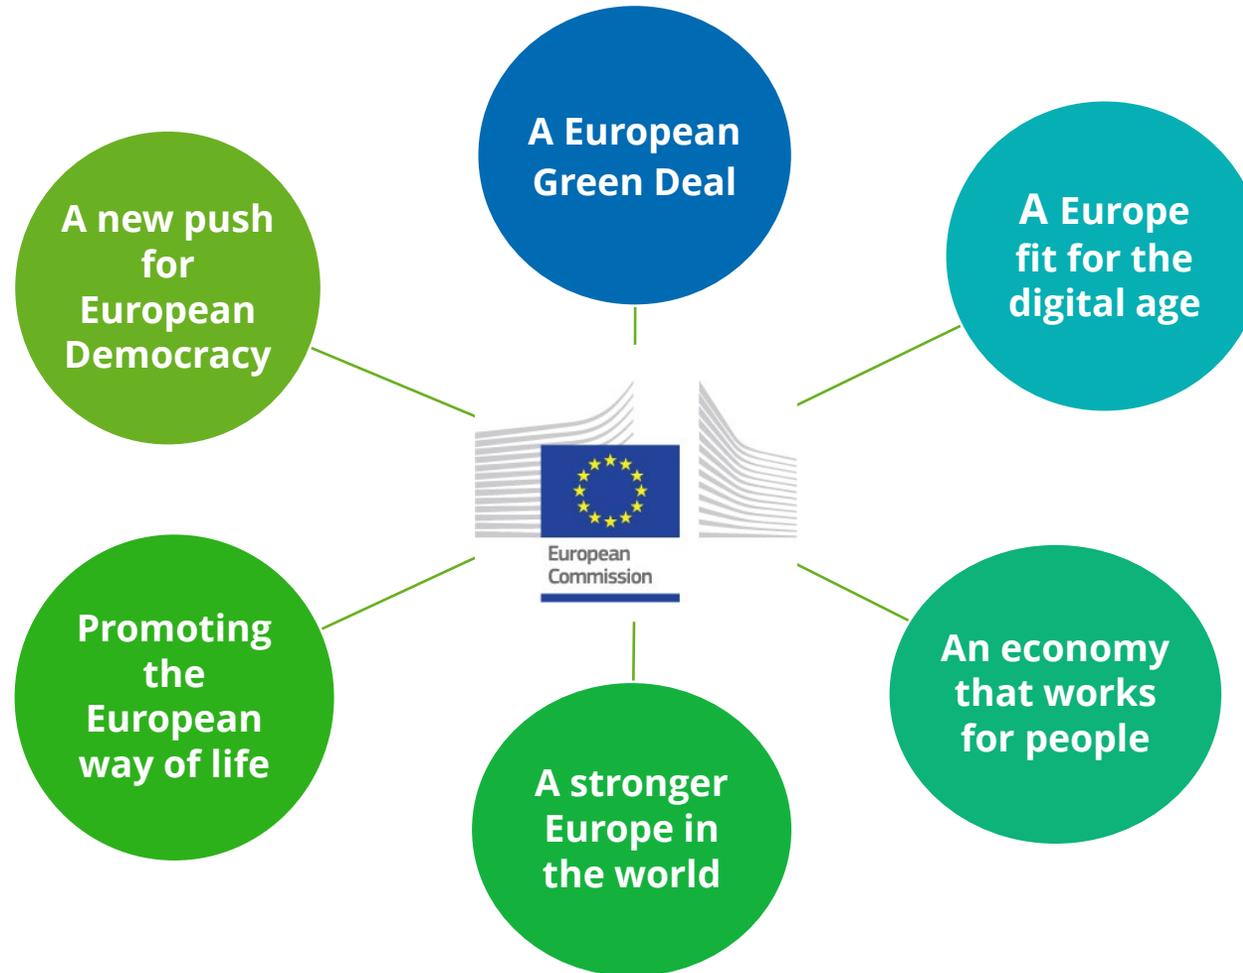

Making Europe the first digitally enabled circular, climate-neutral and sustainable economy through the transformation of its mobility, energy, construction and production systems

Key Strategic Orientation D

Creating a more resilient, inclusive and democratic European society, prepared and responsive to threats and disasters, addressing inequalities and providing high-quality health care, and empowering all citizens to act in the green and digital transitions

EUROPEAN COMMISSION PRIORITIES

6 priorities for 2019-24

STRATEGIC PLAN 2025 – 2027

Main Phases

- Creating the analytical foundation for the plan, collecting data and consulting stakeholder (Q1 2023)
- Drafting the Strategic Plan (Q2 - Q4 2023) by Strategic Programme Committee
- Call High Level Expert Group (Q2 2023)
- Adoption Strategic Plan (Q1 2024)
- Publication Strategic Plan (Q2 2024)
- Adoption WP 2025/2026 (Q4 2024)

STRATEGIC PLAN 2025 – 2027

Citizen Engagement Workshop

- December 2022
- Discussion of priorities for the next 3 years and beyond
- Representative group of around 70 citizens

STRATEGIC PLAN 2025 – 2027

Public Consultation

- Structure: covered the following three elements:
 - Performance of the past programme Horizon 2020 (Horizon 2020 ex-post evaluation)
 - Performance of Horizon Europe (input to Horizon Europe interim evaluation)
 - Looking into the R&I future priorities 2025-2027 (Horizon Europe Strategic Plan)
- 12 weeks, December 2022 – 23 February 2023
- Results published in the Strategic Plan Analysis (May)

Conference of European Schools for Advanced Engineering Education and Research

CESAER

- **Advocacy** to defend the interests of universities of S&T at the European level as a trusted, constructive and proactive partner especially towards the EU institutions;
- **Learning-among-peer-institutions** by sharing and spreading intelligence, knowledge and best practices in research, education, innovation and leadership at universities of S&T.
 - **Safeguard sustainable funding**
 - **Lead debate on key issues**
 - **Amplify the Members' and Association's strengths**

ASSOCIATIONS FOR RTOs

EARTO – an example

- Founded in 1999
- Promotes Research and Technology Organisations (RTOs) and represents their interest in Europe
- Network counts over **350 RTOs** in more than **32 countries**
- Members **represents 150.000 of highly-skilled researchers and engineers** managing a wide range of technology infrastructures.
- Members' technologies cover all scientific fields
- Their work range from basic research to new products and services development.

ASSOCIATIONS FOR RTOs

EARTO – Working Groups

- Fixed and temporary Working Groups
- To define common positions and exchange best practices
- Comprise experts from EARTO members who assist the Secretariat in **formulating policy positions** on technically complex issues
- Offer the members **opportunities to network** and benchmark their services, processes and performance against other members
- **Policy Working Groups**
- **Technology Working Groups**

ASSOCIATIONS FOR SPECIFIC INTEREST

A.SPIRE – an example

- **European Association** which is committed to manage and implement the Processes4Planet co-programmed Partnership
- Represents **innovative process industries**, 20% of the total European manufacturing sector in employment and turnover, and more than 180 industrial and research process stakeholders from more than 20 countries
- Brings together **cement, ceramics, chemicals, engineering, minerals and ores, non-ferrous metals, pulp and paper, refining, steel and water sectors**
- Mission is to ensure the development of enabling technologies and best practices along all the stages of large scale existing value chain productions that will **contribute to a resource efficient process industry**

NETWORKING AND LOBBYING

National Contact Points

Krajowy Punkt Kontaktowy
Programów Badawczych UE

Polish National Contact Point for Research Programmes of the EU Institute of Fundamental Technological Research, Polish Academy of Sciences

- supports Polish scientists, research and scientific institutions, SMEs and other organisations interested in **HORIZON Europe**
- information on open calls and participation rules, support on creating a project consortium and consulting project proposals to project realization and reporting
- provides individual project advice, consultancy, mentoring, organizes workshops, training seminars, information days and conferences.
- 11 Regional Contact Points
